1. Miracle Day 2007

Has your congregation planned a fund-raiser for CCIW Miracle Day 2007? Are you collecting donations from members of your congregation?

We are working toward the fund-raising goal of \$50,000. To date, a total of \$13,000 in Miracle Day contributions have been received from 11 churches and 14 individuals/families. The Miracle Day Planning Committee is looking forward to financial support from churches and individuals throughout the Region, so that we can accomplish all of the planned projects for Camp Walter Scott.

Churches are asked to forward their contributions to the CCIW Regional Office by August 31st if possible. For current Miracle Day information and forms, follow this link:
