4. Miracle Day is Coming:

Miracles do happen - and you can be part of the next one. On Saturday, September 29, 2007, hundreds of people from all over the CCIW Region will converge on Camp Walter Scott (south of Effingham) to bring much needed improvements to the Camp.

This year, Camp Walter Scott celebrates 45 years of providing a natural environment where youth and adults can experience the beauty of nature and deepen their relationship with God.
