**Regional Assembly Update.** Over 500 people, more than 125 of them youth, gathered at the Wyndham Hotel, Lisle, for CCIW's Regional Assembly. Watch the next CCIW News Email Journal for the final report.

**Miracle Day 2007 is Coming** Is your church in need of a miracle? Are there just not enough funds or people in your own congregation for you to be able to get your facilities in shape for a vital ministry? Apply NOW to be the site for Miracle Day on Saturday, September 29, 2007. Miracles did happen at the first CCIW Miracle Day events in October 2005 at Jackson Blvd Christian Church in Chicago and the Interfaith Center on the campus of Southern Illinois University in Carbondale. Your church could be next!

Applications can be obtained on the Miracle Day page of the region's website <http://www.cciwdisciples.org>. Applications must be returned to the Regional Office by December 22, 2006. The site will be chosen by the Miracle Day planning committee in January 2007. If you have any questions, you can contact the Miracle Day project coordinator, Doris Carter, at 630-668-2135 or email her at [dcarter340@aol.com](mailto:dcarter340@aol.com)

**Stewardship Summit Coming in 2007** We're hoping to hold a Stewardship Summit in 2007! This event will offer helpful, practical guidance for you and your church. We'll be looking at annual campaigns, year-round stewardship, curriculum/experiences for children and many other useful resources. It promises to be an event filled with rich ideas, sound principles and great spirit.

In planning this vital stewardship summit, it is important that it be held at a time helpful to the widest audience. Please click on this link to give us your input!

**Campbell's Labels for Woodhaven** "The CCIW Region sure eats a lot of Campbell's Soup." That's what the people at Woodhaven tell us - and they are grateful for every label they have received from us. However, beginning January 2007, the Campbell's Label program will end, and Campbell's will only accept the UPC barcodes.
